

About Cine-Regio

Cine-Regio is a network of regional film funds in Europe. The network represents 51 regional film funds from 12 EU Member States, Norway, Switzerland and UK.

The members deliver a range of schemes to the film sector which aim to support film culture, encourage social cohesion and build regional infrastructure.

Regional film support is vital to foster and safe-guard the development of the European audiovisual sector and promotes local cultural identity, cultural diversity and democratic empowerment.

Cine-Regio's main objectives are threefold and interlinked:

Knowledge Sharing, Film Policy and Co-Productions

- To exchange views, perspectives, good practises and information for the benefit of the European film industry, including integrating new regional film funds
- To raise awareness, represent and promote regional audio visual interest across Europe, including member's interests towards European institutions and other organisations which play a role in determining the set of rules and conditions for regional film funds
- To strengthen the co-development and co-production of audio visual products, fusing talents and resources in different regions for a wider market - including stimulating artistic, technical and creative exchange and know-how throughout Europe

Cine-Regio encourages interregional co-operation, and together with the European film industry and members, we are continuously involved in initiating and organising activities in the European regions.

Cine-Regio a.i.s.b.l. was established in May 2005 as an independent non-profit association.
